# SHZ 80 LCD

WALL MOUNTED CYLINDER

#### Save on consumption, not on comfort

The assurance that you won't consume more energy than necessary is a given with this wall mounted cylinder. We have equipped it with three different ECO functions. Simply make your choice and enjoy hot water that perfectly meets your family's needs.

#### Learns from your usage pattern

ECO DYNAMIC learning mode is especially practical – it automatically optimises the energy saving options. It all depends on how much hot water you use and how often. This electronically controlled appliance achieves very high efficiency and lets you truly relax and enjoy warm water at exactly the right temperature.

Product-No.: 231256

#### The main features

Electronically controlled wall mounted cylinder

Variable and accurate temperature settings in the range of 20-85 °C

Power saving mode due to three automatic ECO functions

Cost savings possible if cheaper off-peak tariffs are used

Special enamel coating for a long service life

Highest level of corrosion protection in the cylinder thanks to maintenance-free impressed current anode

Rapid heat-up button for demand-dependent heating

#### Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
