

EAC 5

CHARGE CONTROLLERS

PRODUCT-NO.: 202466

The main features

Can be used for all power supply conditions

Self-learning control program for long enable times

Different operating modes can be programmed via weekly timer

Graphic touchscreen display for easy operation

OD system, adjustable

Control capacity max. 230 W

Mounting on top hat rail, for installation in the sub-distribution board

Type	EAC 5
Part no.	202466
Height	88 mm
Width	54 mm
Depth	61 mm

Technical data

Version	Universal control
Max. control capacity	230 W
ON duration (OD) system	37-80 %
Type of display	Touchscreen
Height	88 mm
Width	54 mm
Depth	61 mm
Rated voltage	230 V

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
