

RTNZ-S2

TEMPERATURE CONTROLLER

PRODUCT-NO.: 231063

This temperature controller is characterised by its precise temperature adjustment and easy operation. The RTNZ-S2 is equipped with a thermal feedback and ensures a constant room temperature thanks to its narrow switching differential of just +/- 0.5 K. The controller is equipped with its own ON/OFF switch and an additional ON/OFF switch for an optional booster heater in the storage heater, which ensures a comfortable room temperature even if temperatures suddenly fall. The room temperature can be variably adjusted between approx. 5 °C and 30 °C.

The main features

Wall mounting

ON/OFF switch

Breaking capacity ~ 10 (4) A, 250 V

ON/OFF switch for booster heater

Temperature setback of approx. 4 K via external switch/time switch

Temperature range restriction in the rotary selector

Type	RTA-S2	RTNZ-S2
Part no.	231061	231063
Height	75 mm	75 mm
Width	75 mm	75 mm
Depth	26 mm	26 mm
Colour	pure white, RAL 9010	pure white, RAL 9010

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
