

CON 30 S

CONVECTOR HEATERS

PRODUCT-NO.: 071818

The CON 10-30 S starts whenever individual areas of the apartment cool down excessively. The integral room temperature controller can be set to any temperature between 0 and 30 °C. The reliable demand-dependent operation is a real energy saver, for example, the optional chrome towel rail is a real bonus in the bathroom. The elegant metal casing contains a long lasting tubular stainless steel heater element and the high limit safety cut-out that protects the unit against overheating.
