

CK 20 Trend LCD

RAPID HEATER

PRODUCT-NO.: 236653

If you need heat particularly quickly, this rapid heater is perfect for you. It produces your preferred temperature straight away and does not require much in return: a power socket is all that is needed to connect this electrical appliance.

The heater is convenient to operate as the temperature controller is very easy to access. It is best to opt for the smallest version if installing the appliance in a particularly small recess.

The main features

Wall mounted convector – ideal as a supplementary heater or interim heater in spring/autumn

Very quick heating of rooms

Compact appliance in a plastic casing

Operating controls with illuminated LCD screen

Weekly timer, frost protection and open window detection

Control unit with self-learning capability: automatic calculation of the preheat time in timer mode

Maximum safety thanks to three-stage overheating protection

Type	CK 20 Trend LCD
Part no.	236653

Heating output

Rated heating output P _{nom}	2.00 kW
Minimum heating output (standard value) P _{min}	0.00 kW
Maximum continuous heating output P _{max,c}	2.00 kW

Auxiliary power consumption

H rated heating output e _{Hmax}	0.00 kW
H minimum heating output e _{Hmin}	0.00 kW
Dby mode e _{LSB}	0.00 kW

Type of heating output/room temperature control

Single stage heating output, no room temperature control	-
Two or more manual stages, no room temperature control	-
With mechanic thermostat room temperature control	-
With electronic room temperature control	-
Electronic room temperature control plus day timer	-
Electronic room temperature control plus week timer	x

Other control options

Room temperature control, with presence detection	-
Room temperature control, with open window detection	x
With distance control option	-
With adaptive start control	x
With working time limitation	-
With black bulb sensor	-

Depth including wall mounting bracket
