

# Ultronic S

HIGH SPEED HAND DRYER

PRODUCT-NO.: 231582

The Ultronic hand dryer is a high grade, electric high speed hand dryer, with a very short drying time. The Ultronic is characterised by its powerful, highly concentrated, fast air stream in excess of 300 km/h, which dries hands in less than 15 seconds. This high speed air stream "wipes" moisture from the surface of your hands. The Ultronic hand dryer achieves optimum values in energy efficiency. The reasons for this are a significantly shortened drying time, demand-dependent control by means of the infrared proximity sensor, the low connected load and a particularly small CO

## The main features

High speed hand dryer

Extremely short drying time of less than 15 seconds

Energy efficient and environmentally responsible

Elegant, classic design blends in harmoniously with any interior

IR, hygienic operation

Made in Germany

Colour: Stainless steel

Type	Ultronic S	Ultronic W
Part no.	231582	231583
Rated output	910 W	910 W
Depth	234 mm	234 mm
Height	289 mm	289 mm
Width	257 mm	257 mm

## Technical data

Power supply	1/N/PE ~ 220-240 V	1/N/PE ~ 220-240 V
Frequency	50/60 Hz	50/60 Hz
Rated voltage	230 V	230 V
Rated current	4,0 A	4,0 A
Operating noise	82 dB(A)	82 dB(A)
Air velocity	94 m/s	94 m/s
Air flow rate	200 m <sup>3</sup> /h	200 m <sup>3</sup> /h
IP-Rating	IP24	IP24
Protection class	I	I
Casing material	Diecast aluminium	Diecast aluminium
Weight	4,4 kg	4,4 kg
Colour	Stainless steel look	off white, RAL 9003

## **Contact information**

You have questions? We appreciate to help you:

Call **+49 5531 - 7020**

## **Installation information**

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
