

Ultronic W

HIGH SPEED HAND DRYER

PRODUCT-NO.: 231583

The Ultronic hand dryer is the latest development in the high speed hand dryer segment. The new Ultronic stands out through its powerful, highly concentrated and more than 300 km/h fast air stream that dries hands in less than 15 seconds. This high speed air stream "wipes" moisture from the surface of your hands. The new Ultronic hand dryer achieves optimum values in energy efficiency. Reasons for this are a significantly shortened drying time, demand-dependent control by means of the infrared proximity sensor, the low connected load and a particularly small CO

The main features

High speed hand dryer

Extremely short drying time of less than 15 seconds

Energy efficient and environmentally responsible

Elegant, classic design blends in harmoniously with any interior

IR, hygienic operation

Made in Germany

Colour: signal white

Type	Ultronic S	Ultronic W
Part no.	231582	231583
Rated output	910 W	910 W
Width	257 mm	257 mm
Height	289 mm	289 mm
Depth	234 mm	234 mm

Technical data

Power supply	1/N/PE ~ 220-240 V	1/N/PE ~ 220-240 V
Frequency	50/60 Hz	50/60 Hz
Rated voltage	230 V	230 V
Rated current	4,0 A	4,0 A
Operating noise	82 dB(A)	82 dB(A)
Air velocity	94 m/s	94 m/s
Air flow rate	200 m ³ /h	200 m ³ /h
IP-Rating	IP24	IP24
Protection class	I	I
Casing material	Diecast aluminium	Diecast aluminium
Weight	4,4 kg	4,4 kg
Colour	Stainless steel	off white, RAL 9003

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
