

DEL 27 Plus

COMFORT INSTANTANEOUS WATER HEATERS

PRODUCT-NO.: 236740

Equip your home perfectly for anything

This series with 3i technology leads the way in terms of high hot water convenience. With its wide range of features, such as a backlit multifunction display, temperature memory, childproofing and ECO mode, this appliance boosts convenience levels for you in a multitude of ways.

Save energy at the press of a button

The energy and water saving ECO mode limits the maximum flow rate. You benefit from a constant supply of hot water, even at low inlet temperatures. And you reduce your water consumption without compromising on convenience.

DEL 18/21/24 Plus

Product-No.: 236739

Enjoy incredible ease of use

With the optional wireless remote control, you can very conveniently control your instantaneous water heater from a distance.

The main features

Instantaneous water heater with electronic closed-loop control

Accurate temperature delivery up to the appliance's output limit thanks to 3i technology

Sufficient hot water for multiple draw-off points

Particularly economical operation with ECO mode

Backlit multifunction display with output values

Individual memory buttons for setting preferred temperatures

Adjustable temperature limit as anti-scalding protection for children

Can be combined with a wireless remote control

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
