

DEL 27 Plus

CONVENIENCE INSTANTANEOUS WATER
HEATER

PRODUCT-NO.: 236740

DEL Plus instantaneous water heater – the best equipped 3i appliance.

No other instantaneous water heater with 3i technology has such a wide range of features as the DEL Plus. With a backlit multifunction display, temperature memory, childproofing and ECO mode, it offers best-in-class comfort and convenience.

With the energy and water saving ECO mode, the maximum flow rate of the DEL Plus can be limited so that a constant DHW temperature is possible even at low inlet temperatures.

Thanks to the FFB 4 (Set) EU wireless remote control, the instantaneous water heater can also be conveniently operated remotely if required.

The main features

Electronically controlled instantaneous water heater

3i technology for accurate temperature delivery up to maximum output

For supplying several draw-off points with DHW

Three-stage ECO mode for increased DHW convenience and greater energy savings

Backlit multifunction display with output information

Temperature memory keys

Adjustable temperature limit for childproofing (anti-scalding protection)

Can be combined with FFB 4 (Set) EU wireless remote control

Type	DEL 18/21/24 Plus	DEL 27 Plus
Part no.	236739	236740
Rated output	18/21/24 kW	27 kW
Depth	116 mm	116 mm
Height	466 mm	466 mm
Width	225 mm	225 mm

Technical data

Rated voltage	400 V	400 V
Phases	3/PE	3/PE
Frequency	50/60 Hz	50/- Hz
Rated current	29/31/35 A	39 A
Fuses	32/32/35 A	40 A
Temperature adjustment	Off, 20-60 °C	Off, 20-60 °C
Specific conductivity $\sigma_{15} \leq$	1111 $\mu\text{S}/\text{cm}$	1111 $\mu\text{S}/\text{cm}$
Specific resistance $\rho_{15} \geq$	900 $\Omega \text{ cm}$	900 $\Omega \text{ cm}$
Energy efficiency class	A	A
Colour	white	white
IP-Rating	IP25	IP25
Weight	3,1 kg	3,1 kg

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
