

WDS 1000

ACCESSORIES

The high grade thermal insulation comes with an insulated cover and a floor disc for use with floor mounted cylinders. A combination of Neopor and fleece insulation minimises heat losses. The outer jacket is finished in white, the cover is black. Zip fasteners make it easy to fit.

The main features

Two insulation semi-shells to make it easier to match the shape

Graphite inserts for best insulation properties

Low energy losses thanks to high grade thermal insulation

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
