

ESH 10 U-P Plus

SMALL WATER HEATER

PRODUCT-NO.: 201397

Achieve a lot with just a little

Providing a reliably good service This small water heater has a lot to offer. The pressure-tested appliance can be installed below the washbasin or sink to save space. It can then supply multiple draw-off points nearby and meet all your low to medium needs for hot water in the kitchen or bathroom. Even a quick shower is possible.

The main features

Pressure-tested connection for supplying one or more draw-off points

Variable Temperature setting range in the range of 35 - 82 °C with temperature limit option

Ideal for kitchens and bathrooms thanks to large DHW capacity

Economical thanks to excellent thermal insulation

Practical ON indicator/control light

Straightforward installation thanks to standard plug

Type	ESH 10 U-P Plus
Part no.	201397

Technical data

Connected load	2 kW
Rated output 2	2.0 kW
Power supply	1/N/PE
Rated voltage	230 V
Fuse protection 2	10 A
Frequency	50-60 Hz
Energy efficiency class (A+ → F)	A
Standby energy consumption/24 h at 65 °C	0.36 kWh
Nominal capacity	10 l
Mixed water amount at 40 °C	18 l
Temperature setting range	35 - 82 °C
Version	Small water heater
Type	pressurised
Installation type	Undersink
With tap	-
Inner cylinder material	Steel, enamelled
Colour	white
Cable length	0.95 m
Operation	manual
Temperature limit	•
IP rating	IP24 D

Height	506 mm
Width	296 mm
Depth	276 mm
Weight	8.00 kg

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
