

## DCE 11/13 H + MEKD

COMPACT INSTANTANEOUS WATER HEATER

PRODUCT-NO.: 232794

Electronically controlled compact instantaneous water heater with 3i technology with a special MEKD mono lever pressure tap for instantaneous water heaters in the complete pack. Accurate temperature delivery up to the maximum output. Very rapid DHW heating and high temperature stability due to bare wire heating system. Selectable connected load 11 kW or 13.5 kW. With power cable as standard. DHW heating from 20 - 60 °C, accurate temperature adjustment via rotary temperature selector on the appliance.

### The main features

Compact instantaneous water heater and special MEKD wall mounted tap in one packing unit

Exceptionally flat compact design

Particularly convenient and energy efficient due to electronic output control

Multi stage electronic safety concept

Selectable connected load 11 kW or 13.5 kW

With power cable as standard
