

# WKM

TWIN LEVER TAPS SERIES ELNOR

PRODUCT-NO.: 232605

With the classic twin mixer taps, you needed two hands to select the required draw-off temperature. With the tap handle marked red, hot water is drawn from the cylinder. Turning the tap marked blue will then mix in cold water from the mains.

## The main features

Wall mounted twin-lever mixer taps as kitchen, shower or bath versions

---

Classic operation with two valves

---

Special perlator for unpressurised operation

---

Versions for sealed instantaneous water heaters

## **Installation information**

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
