

# SP cool

ELECTRICAL DISTRIBUTION BAR

PRODUCT-NO.: 223358

The electrical distribution bar enables the connection of heating circuit valves for the changeover between heating and cooling mode. It has been optimised for operation with the WPC cool and the WPAC cooling module.

## The main features

6 electro-thermal 230-V heating circuit valves can be connected

---

As cascade for the connection of additional heating circuits

---

For fitting on top-hat rail

Type	SP cool
Part no.	223358
Height	90 mm
Width	310 mm
Depth	65 mm

Technical data

## **Installation information**

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
