

# MyStiebel-App Android

CONTROL UNIT/ENERGY MANAGEMENT

PRODUCT-NO.: 340707

## Get a feel-good temperature in your home easily and conveniently using the app

The MyStiebel app allows you to set the comprehensive functions of your STIEBEL ELTRON heat pump easily and intuitively – even when away from home. Besides controlling your heating, cooling and hot water, you can also configure and store individual time programs in the MyStiebel app.

## Simple, sustainable, tailored

The MyStiebel app provides access to the operating modes of the heat pump manager, to create a comfortable temperature at any time. This allows energy consumption to be reduced without compromising on comfort. Spontaneous and temporary adjustments to the preferred temperature can be made at any time.
