

# AHP-DS 0.8

ACCESSORIES

PRODUCT-NO.: 207738

## The main features

Anti-vibration mounts for easy siting of a heat pump on paved surfaces or compacted substrates without special preparation of the substrate

---

Flat roof installation with no damage to the roof cladding

---

Reduction of vibration transmission to the substrate

---

Optimised for air source heat pumps with R290 refrigerant

---

Suitable for all performance classes of air source heat pumps with R290 refrigerant

|          |            |

## **Installation information**

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
