

## WPKI 6-I

ACCESSORIES

PRODUCT-NO.: 205876

### The main features

Compact installation for the connection of the heat pump to the buffer cylinder

---

For heat pumps WITH an integral heating circuit pump

---

Straightforward connection of a heating heat pump to a 200-700 litre buffer cylinder

---

All parts are included in the compact installation

---

Including insulation assembly for flow/return connector

---

For heating heat pumps with integral circulation pump

Type	WPKI 6-I
Part no.	205876

**Technical data**

Connection	G 1 1/4
Max. operating pressure	0.30 MPa

## **Installation information**

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
