

WPSF

ACCESSORIES

PRODUCT-NO.: 233307

The main features

Multifunction brine filling unit

Both microbubble separator and filter already integrated

Easily removable filter element

Preassembled components for source side

Microbubble separator and filter already integrated

Filter element easy to remove

All important components for the source side are pre-assembled

Type	WPSF
Part no.	233307

Technical data

Connection, heat source side	G 1 1/4 A
Safety valve response pressure	0.30 MPa
Max. application limit, heat source	40 °C
Min. application limit, heat source	-5 °C
Max. operating pressure	0.60 MPa

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
