

SOL SV-F

COLLECTOR ACCESSORIES

PRODUCT-NO.: 230913

The SOL SV-F push-fit connection is primarily intended for hydraulic connection of rooftop collectors in the case of flat roof installation and wall mounting. With both push-fit connections, the collector sensor well and a temperature sensor PT 1000 are factory-fitted. An air vent valve is also integrated.

The main features

All important components for the source side are pre-assembled

Faster installation

Secure hydraulic connection

Easy installation

Installation without tools

Installation information

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
