

# LWZ 70 E

CENTRAL

PRODUCT-NO.: 233851

## Make fresh air the secret appeal of your home

This ventilation solution illustrates just how discreetly yet effectively healthy fresh air can be brought into your home. The unit is so compact that you can install it in a kitchen wall cabinet. This means it can be easily integrated into your existing layout and is hidden behind the cupboard door.

## Raise your level of living comfort

Despite its small dimensions, our central ventilation unit is ideal for apartments and has the usual good performance characteristics. It recovers a large proportion of the heat that would be lost with conventional ventilation. This enables you to raise your living comfort to a very high level.

## The main features

---

Unobtrusive installation in kitchen cupboards, recesses or on the wall

---

Straightforward operation

---

Recovery of up to 90 % of the thermal energy in the extract air

Type	LWZ 70 E
Part no.	233851

## Technical data

Heat recovery level up to	90 %
Power consumption, fan	80 W
Rated voltage	230 V
Sound power level (EN 12102)	46 dB(A)
Height	600 mm
Width	560 mm
Depth	290 mm
Air connection diameter	125 mm
Weight	25 kg
Specific energy consumption in moderate climates, time control	-35.96 kWh/(m²a)
Specific energy consumption in moderate climates, central demand-dependent control	-38.16 kWh/(m²a)
Energy efficiency class, moderate climates, time control (A+ → G)	A
Energy efficiency class, moderate climates, central demand-dependent control (A+ → G)	A
Energy efficiency class (A+ → G)	A
Air flow rate	50-180 m³/h

**Installation information**

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
